# HOW NYSCF USES FOUNDANT

## Application Submission

- One location for all applications
- Overall ease of use for applicant

## Data Analysis

- Demographic breakdown and eligibility triage
- Most raw data available for download and manipulation

## External Reviewer Scoring

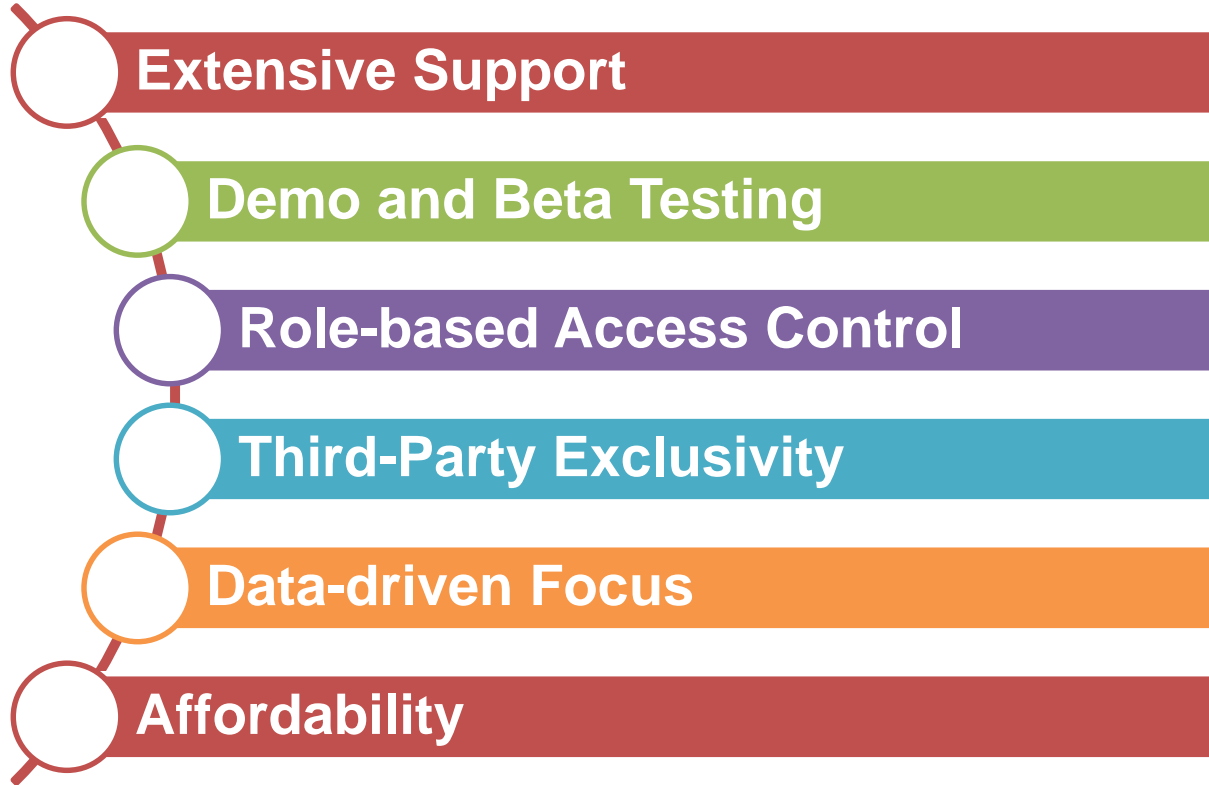

- Role-based access control
- Special features for evaluator

## Gender Report Card

- Separate application within application
- Third-party exclusive (hidden to applicants and evaluators)

# ADVANTAGES – WHY FOUNDANT?

# DISADVANTAGES

**Steep Learning Curve**

**Strict Role-Based Control**

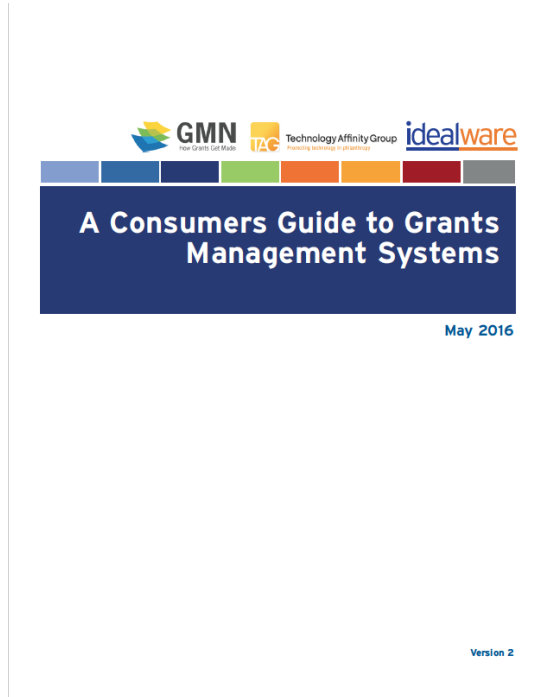

**Not a Standalone System**

**Difficult to Manipulate within Portal**

**Email Interface**

**Institutional Taxonomy**
