*If collected

**Grants databases and records**

Downloadable [Data Fields](HRA website) list

**Highlighted fields** appear online in Analyzer

HRA Analyzer: Data Upload • 5/7/20
What data appears in Analyzer?

**Award title**

**Regulatory role of pericardial macrophages in myocardial infarction**

**Funder and unique identifier**

Funder: American Heart Association (AHA)
HRA Grant number: 19TPA3491007

**Award recipient(s) and affiliation**

Investigators
Daniela Cihakova - Johns Hopkins University

Research organization
Johns Hopkins University, United States

**Award details**

Details
Funding amount
USD 300 K
Funding period
2019 - 2022
1 Jul 30 Jun

**Research Categories**

Fields of Research
11 Medical and Health Sciences
1102 Cardiorespiratory Medicine and Haematology
Research, Condition, and Disease Categorizations
Cardiovascular
Heart Disease - Coronary Heart Disease

HRA Analyzer: Data Upload • 5/7/20
1. Email an export or report from your grants management system (or other database) to supportHRA@dimensions.ai. The team will review your data for completeness and contact you with questions.

   *Note that the column header names do not need to match exactly with HRA data fields.

   OR

2. Enter grants data into the HRA Data Template, available here.

E-mail Diane (admin@healthra.org) if you have questions or need help getting started!
What are Program fields?

Program fields help describe a program or award types within organizations.

**Controlled lists for:** Mechanism, Recipient, Purpose, Career Stage, Eligibility

- Enables landscape or portfolio analysis on a more granular level
- Can be retroactively collected per program and mapped forward and backward to all support from that program
What are Program fields?

List one Program (award type) per row

Select an option for each field
