TRxA BRIDGe Awards for Drug Discovery

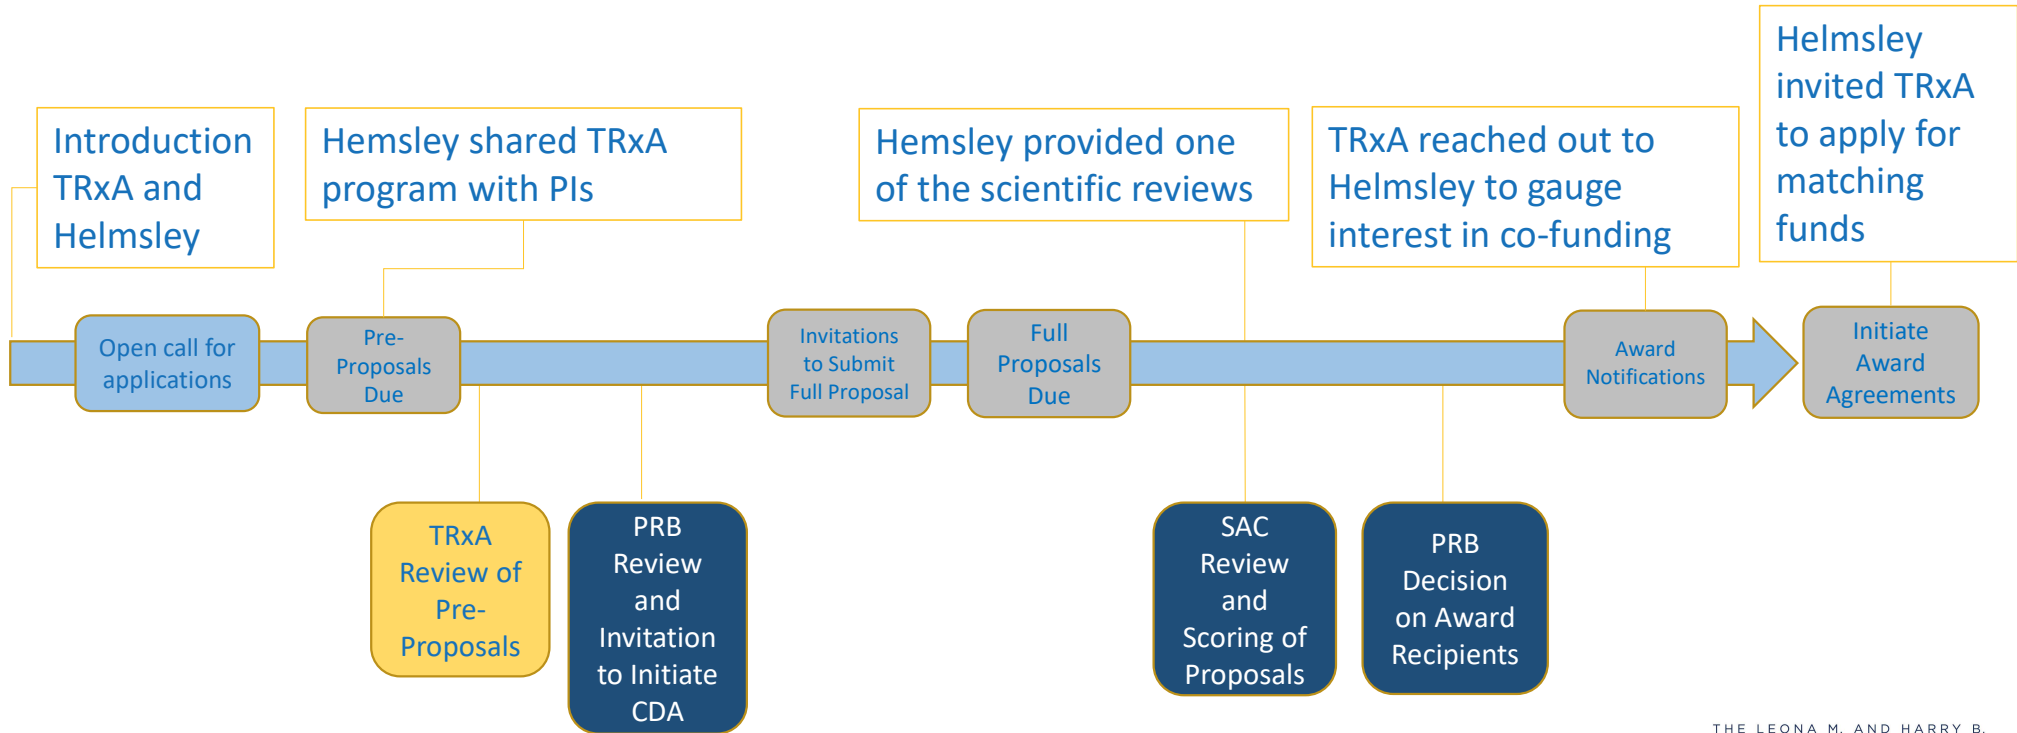

TRxA is a global drug discovery and development program that supports academic scientists in advancing new, cutting-edge therapeutics from the lab to the clinic.

BRIDGe Awards:

- Stage 1: \$250,000
- Stage 2: \$500,000
- Stage 3: \$1,000,000

Therapeutic area agnostic

Timeline of Events

PRB: Programmatic Review Board
 SAC: Scientific Advisory Committee

TRxA – Helmsley Partnership

Goal:

- Shepherd a new drug for Type 1 Diabetes to the clinic ASAP

Logistics:

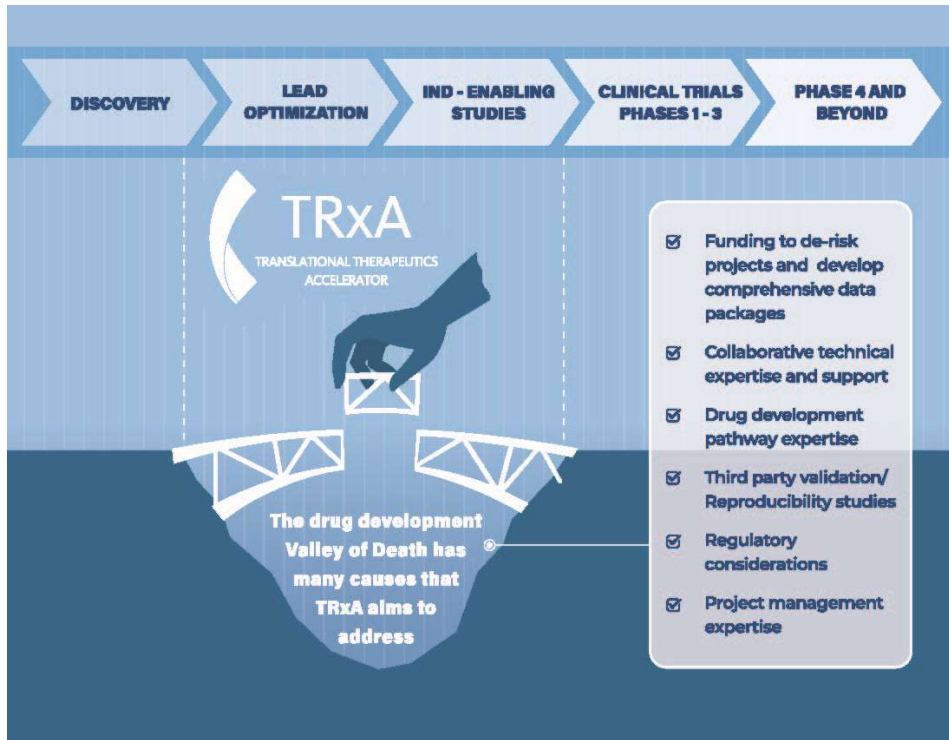

- Funds flow through TRxA, so only a single contract with the institution
- The Helmsley scientist provided feedback on the project plan and milestones
- TRxA requires monthly meetings with the PI; the Helmsley scientist is part of the team

Keys for partnership:

- Trust between partners – helped by regular communication
- Common goal
- Complementary strengths (TRxA: drug discovery; Helmsley: T1D)

TRxA: Always Looking for Partners!

Current Request for Proposals is open (deadline pre-proposals March 31st)

Full proposals invitations by July 1st

- interested in scientific reviewers for certain therapeutic areas
- interested in co-funding – either matching, or splitting costs

Want to have the TRxA model applied to your drug discovery grants?
