About Our Grants

The Alzheimer's Association International Research Grant Program lies at the heart of our commitment to advance Alzheimer's research. Since awarding our first grants in 1982, the Association has grown into the largest private, nonprofit funder of Alzheimer's research. The Association currently has more than \$360 million invested in over 1,000 active projects in 53 countries, spanning six continents.

NONDISCRIMINATION AND HARASSMENT STATEMENT AND PROCESS

Alzheimer's Association is committed to providing an environment free from harassment and discrimination.

Alzheimer's Association strictly prohibits harassment and discrimination based on race; creed; color; religion; sex; sexual orientation; national origin; ancestry; age; veteran status; citizenship status; marital status; physical or mental disabilities; pregnancy, gender identity or expression (including transgender status); genetic information; and any other characteristic protected by federal, state or local law.

The Association takes any allegation of discrimination and harassment seriously and is committed to make sure research funded by the Alzheimer's Association is occurring in a safe environment. The award institution will review allegations of discrimination and harassment in accordance with its institutional policies and applicable laws and regulations. If institution makes a finding of discrimination and harassment regarding an individual participating on an Association funded award, then institution will, as permitted by policy and applicable law and regulation, provide Association with a summary of the outcome of that review. In the event Association brings an allegation to the attention of institution, institution will review and will make best efforts to keep Association apprised of the outcome of the review. The contact person for harassment and discrimination for Alzheimer's Association is Heather Snyder, Ph.D. (hsnyder@alz.org).
